

True North Woods® Update

Dear (Contact First Name),

Subj: Free Sustainable Woods Network Promotion

The NNFP has offered MWC members and GFTW exhibitors a no-cost profile of their products on the Sustainable Woods Network website, www.SustainableWoods.com.

The offer is good for the first year after which the annual fee is expected to be about \$20-\$60 per year if you decide to continue your listing on the website. However, there is no obligation to continue and we think this would be a good way to test your products with a national audience.

Please check out the website. It provides a very good presentation of your profile and product photos with a link to your telephone number, email, and website/blog. This website is especially good for gift, furniture, and similar items although it is also helpful for suppliers of building materials.

If you would like to participate in this offer, you will need to prepare (1) a brief profile/description and (2) at least three digital photos (again, visit the website for ideas). The NNFP staff will assist you in preparing the photos and loading the photos and profile onto the website.

To follow up on this offer, contact Amy at email Sales@SustainableWoods.com or tel 406-360-8829. If you have questions, contact us a 651-223-5629.

Best regards

Gary and Sandy

Good from the Woods

The 2011 event will be held on Saturday, September 17, so mark you calendars for GFTW 2011.

Jerry Maly of Woodturning by Jer is in a National Woodturning Contact today, Thursday, March 17 and needs you vote. Please [VOTE FOR JERRY](#) under "Todays Match" before 11:00 pm today. Thanks.

FSC Webinars on FSC-COC Certification

The webinar is designed primarily for businesses that are interested in applying for FSC-COC certification through True North Certified's FSC group certification program. To become certified through the group membership program a producer or manufacturer must have facilities located in Minnesota, or in the alternative supply a Minnesota customers, and have annual forest product sales of less than

Minnesota Wood Campaign Association

True North Woods Certified Suppliers

The mark of responsible forestry

True North Certified Forest Products Network

True North Local/Sustainable Supplier Consortium
